Full-stack PHP developer with a passion for elegant code and innovative solutions. Fascinated by technology since childhood, I now channel that drive into bringing challenging projects to life. Solving problems and learning new things is what excites me. I bring that mindset to every project. Furthermore, I'm also the proud father of two little rascals.

## Skills

### Computer skills

| | |
|---|---|
| HTML | ★★★☆☆ |
| CSS | ★★★☆☆ |
| SQL | ★★☆☆☆ |
| Javascript | ★★★★☆ |
| PHP | ★★★★☆ |

### Resilient
Setbacks are moments of growth, I persevere through them with dedication so that I can reap the reward later.

### Quality-oriented
Delivering work where I can be proud of, is my daily goal.

### Flexible
If needed I enjoy standing in for colleagues. A 9-to-5 mentality is not in my dictionary.
